

ABSTRACT OF THE DISCLOSURE

A pillow blanket comprises a blanket, foot pocket and a pair of sleeves. The foot pocket is made of a pocket panel secured at the side and bottom edges of the panel to the middle third portion of the blanket and the bottom edge of the blanket. A pair of sleeves is attached respectively to the perimeter of a pair of sleeve apertures in the blanket. The sleeve apertures have an oblong shape and oblique orientation. The blanket can be folded into the foot pocket to form a symmetrical pillow.
